9.00am Bassendean Train Station***

Day 1. Your day starts with a magnificent train journey through the Avon Valley as you follow the mighty Avon River to Northam where your coach will meet you. See the obstacles and rapids that competitors in the Avon Decent have to traverse. We do a tour around Northam before having some free time here to explore and purchase some lunch. Our journey continues onto York where we will visit the Mount Brown Lookout and do a tour of this very historic town. Our accommodation tonight is at the Settlers Inn York. We will be having an early dinner today at 5.30pm as we will be doing the History and Ghosts of the Past walking tour at 7pm. Our local guide Mike will entertain you with a very interesting tour of some of York's old building and scary tales of ghosts and past events. A great night to finish of a great day. You should sleep well tonight, just don't think about the ghosts. .

Day 2. A very relaxing day today. Breakfast will be between 8am—9am after a late night. Free time to explore the many shops and attractions. We depart York at 11.30am and will travel via Spencer's Brook Road towards Clackline and then onto Bakers Hill where we will stop at the famous Bakers Hill Pie Shop where you can purchase yourself some lunch and maybe take some home. Our journey continues towards Perth via Sawyers Valley and Mundaring and doing drop offs at Midland Train Station and East Perth Rail Terminal and Wellington Street Coach Rank.
